

Recordkeeping Form for the Worker Protection Standard and the USDA Restricted-Use Pesticides Regulation
 Maintain records of all agricultural-use (WPS) and restricted-use pesticide applications for a minimum of **2 years**.

 / USDA (1) Field ID/Location of Treated Area _____

 USDA (2)	 (3)	 (4)	 USDA (5)	 USDA (6)	 USDA (7)	 (8)	USDA (9)	USDA (10)	USDA (11)
Date (mo/day/yr)	Begin Time End Time	Restricted Entry Interval (REI)	Crop or Commodity Treated	Brand Name(s)	EPA Registration Number(s)	Active Ingredient(s)	Size of Area Treated	Total Amount Applied*	Applicator's Name & Certification Number
	AM PM								
	AM PM								
	AM PM								
	AM PM								
	AM PM								

 This hand/head symbol indicates Worker Protection Standard (WPS) information (items 1-8). This information must be posted **within 24 hours** of the pesticide application **or before entry occurs** and remain posted for 30 days after the end of the Restricted Entry Interval (REI). After this time, the records must be maintained for **2 years from the end of the REI**. All other information (items 9-11) must be recorded within 14 days of application. If you apply a tank mix of pesticides with different REIs, write down the longest REI. Note: WPS agricultural-use pesticides may be general-use or restricted-use. Items 1,2,5-7, and 9-11 are required by the USDA restricted-use pesticides regulation.

* Multiply the rate of application that you used by Size of Area Treated (item 9) to get Total Amount Applied (item 10). The Total Amount Applied is not the quantity after water or a carrier is added.

Note: For applications made to less than 1/10-acre, indicate "spot treatment" within Crop or Commodity Treated (item 5) and record the Location of Treated Area (item 1). Record the Date, Brand Name, EPA Reg. No., and Total Amount Applied (items 2, 6, 7, and 10).
