

N.C. STATE UNIVERSITY PESTICIDE SCHOOLS

Follow these steps to become certified and licensed:

- 1. Understand what type of pesticide license you need.** The North Carolina Department of Agriculture and Consumer Services (NCDA&CS) issues pesticide licenses in the state. To review the list of categories and determine which one(s) you need, visit the following site:
<https://www.ncagr.gov/SPCAP/pesticides/CATEGEXP.HTM>
- 2. Order manuals from the Pesticide Safety Education Program.** All questions on the pesticide exams come from manuals available at N.C. State University. Each manual corresponds to a particular licensing category. You may order manuals online at www.pesticidemanuals.com or print the manual order form available at <https://pesticidesafety.ces.ncsu.edu/pesticide-manual-order-form/> and mail it to N.C. State University with a check or money order.
- 3. Sign up for a pesticide school or an exam-only option.** N.C. State University offers two-day pesticide schools. You may register online for a pesticide school at www.pesticidemanuals.com or print, complete, and mail the printable registration form along with a check payable to N.C. State University. On the first day of a pesticide school, you will review the *North Carolina Pesticide Applicator Certification Core Manual*. Most people seeking certification and licensing must take an exam over this manual. Each pesticide school also offers categories taught on the morning of day two. Exams are offered by the NCDA&CS beginning at 1:00 P.M. on the second day of the pesticide school.

If you choose the exam-only option without attending a pesticide school, visit <https://www.ncagr.gov/SPCAP/pesticides/exam.htm> to view exam dates, fees, and to register online.
