Follow these steps to become certified and licensed:

1. **Understand what type of pesticide license you need.** The North Carolina Department of Agriculture and Consumer Services (NCDA&CS) issues pesticide licenses in the state. To review the list of categories and determine which one(s) you need, visit the following site:  
   [https://www.ncagr.gov/SPCAP/pesticides/CATEGEXP.HTM](https://www.ncagr.gov/SPCAP/pesticides/CATEGEXP.HTM)

2. **Order manuals from the Pesticide Safety Education Program.** All questions on the pesticide exams come from manuals available at NC State University. Each manual corresponds to a particular licensing category. You may order manuals online at [www.pesticidemanuals.com](http://www.pesticidemanuals.com) or print the manual order form available at [https://pesticidesafety.ces.ncsu.edu/pesticide-manual-order-form/](https://pesticidesafety.ces.ncsu.edu/pesticide-manual-order-form/) and mail it to NC State University with a check or money order.

3. **Sign up for a pesticide school or an exam-only option.** NC State University offers two-day pesticide schools. You may register online for a pesticide school at [www.pesticidemanuals.com](http://www.pesticidemanuals.com). On the first day of a pesticide school, you will review the *North Carolina Pesticide Applicator Certification Core Manual*. Most people seeking certification and licensing take an exam over this manual. Each pesticide school also offers categories taught on the morning of day two. Exams are administered to pesticide school attendees by the NCDA&CS on day two at 1:00 PM. If you choose the exam-only option, you must register separately with the NCDA&CS. Visit [https://www.ncagr.gov/SPCAP/pesticides/exam.htm](https://www.ncagr.gov/SPCAP/pesticides/exam.htm) to view in-person exam dates, exam fees, and to register online for in-person or online exams.

---
